

SCOTLAND BOARD OF EDUCATION
Board Policy

Community Relations

Communication with the Public

Parent Involvement

The Board believes that the education of children is a cooperative effort among the parents, school and community. The word "parent" also includes guardians and other family members involved in supervising the child's schooling. We believe that increased parent involvement improves student achievement. Parent involvement initiatives in the school system will accommodate diversity, promote effective two-way communication and offer opportunities for all parents to participate. The implementation of this policy is the responsibility of all school staff.
