

SCOTLAND BOARD OF EDUCATION
Board Policy

Public Activities Involving Staff, Students or School Facilities

The Board of Education recognizes and approves the concept that the public schools should be community schools. The public, staff and students should all cooperate in the production of the best possible education for both youth and adult citizens. Although the education of our children must take precedence, adult activities also deserve the utmost consideration. Whenever possible and desirable, community use of school facilities will be encouraged and supported.

Regulations and rules have been developed to ensure that school facilities will accommodate community usage.
