

**SCOTLAND BOARD OF EDUCATION**  
**Bylaws of the Board**

**Board Participation in Administration-Driven Committees**

The Board encourages member participation or representation on administration-driven committees. To request participation or representation on an administration-driven committee, the Superintendent or Principal will contact the Board Chairperson who will designate a board member willing to serve from one of the Board's standing committees which the Chairperson determines best parallels the administration-driven committee. Formal approval of the designee must be granted by the full Board at its next regularly scheduled meeting.
